

# Advent Wreath

## Included in kit:

- Metal Base
- 4 advent candles (insert candles after decoration is complete)
- 5 devotions
- activities to involve children

## Not Included with kit:

- Centre Christ candle and candle holder
- Decor
  - With this style of ring there are a few different methods on how to decorate it according to your own personal taste and ideas.
  - Wintergreens can be attached by cutting small pieces, bunching and layering them together in one direction using spool wire to wind around the bottom of the stems. By using shorter pieces, you will accomplish a fuller look.
  - Other decorative elements such as berries, twigs, pine cones, etc. can be added by using wire or hot glue.
  - Please note, greenery is extremely flammable. Don't leave the candles unattended or have any greens/decorative elements near the open flame.
